CA2CA@SCA-RL Workshop Goal

- ❖ How to help libraries apply the CA2CA@SCA-RL research to their program development for community engagement?
 - ...We will propose a “Road Map Instrument” for developing library programs in collaboration with community partners.
- ❖ Small Group Discussions:
 - Activity 1: List the action steps you follow in order to develop a community-engaged initiative for the domain in your work setting.
 - Activity 2: Identify who-why-where-what-how dimensions in ONE project of a community-engaged initiative for the domain in your work setting.
- ❖ Two groups merge: Discuss commonalities and differences across domains and issues to operationalize the actions.
- ❖ Entire group identifies the structure of implementations across the domains and resources/actions to make them happen.
